

## Eastern Ontario Crop Conference – February 21, 2008

### Purpose:

The Eastern Ontario Crop Conference is a cooperative effort between the Ontario Ministry of Agriculture, Food and Rural Affairs and the Eastern Ontario Crop Advisory Committee. This annual one day conference is held the third week of February at Kemptville Campus, University of Guelph.

The program is designed to provide growers and agribusiness personnel with the latest in-depth crop management information. Participants have the option of selecting up to eight sessions from over 20 sessions presented concurrently throughout the day. This allows participants to select topics of importance and relevance to them. Certified Crop Advisor credits are available for most sessions. About 250 participants attended the 2008 Eastern Ontario Crop Conference.

### Topics offered at the last conference included:

- Surviving Family Business Whitewater “The Big Picture”
- Glyphosate Weed Management Systems
- Weed Management in IP Soybeans
- Profitable Soybeans for 2008
- Soybean Rust
- Soybean Aphids
- Soybean Aphids Bio Control
- Being Profitable in a Volatile Marketplace
- Crop Review 2007 - What Did We Learn
- No-till Drill Clinic
- Grain Marketing Strategies
- Precision Ag Technology
